

## PureStorage II - DC Hybrid 5kWh (modular to 25kWh)

PureStorage II DC Hybrid, uses the safest and highest performing lithium-ion-phosphate battery cells, with 1C operation, 10,000 cycles and with a high charge and discharge rate capability. It is compatible with leading inverters on the market, including; Solis, Victron & Imeon. Comparison sites describe it as the best hybrid solution on the market when combined with a Solis inverter. It incorporates a modular design, allowing 5 off 5kWh systems to be connected together, providing a high level of capacity flexibility from 5kWh to 25kWh. It is water proof at IP67 and can be installed indoor or outdoors. It's elegant and simple design is aesthetically pleasing and provides a very quick and simple installation.
